

## Y STORY OF THE MONTH

Roxanne Mann is a firecracker: a burst of energy wherever she goes bringing joy and a light to all she meets. She embodies the idea of a beautiful sparkler on the 4th of July. You may recognize Roxanne from chatting in the front lobby, or on the pickleball court. You may have set up beside her in Body Pump, Group Active, or Spin Class, or know her as a Y volunteer. If you have not yet met Roxanne, let me introduce you!

Roxanne is a passionate advocate of a healthy lifestyle and has spent her lifetime working to improve the lives of those around her. Through her home YMCA, the J Douglas Williams YMCA, in Mary Lake, Florida, she has taught group exercise classes for 25 years, is an ACE-certified instructor, and is a Nutrition Coach, Health Coach, and Life Coach through the Health Coach Institute. Roxanne volunteers here at the Williams YMCA of Avery County seasonally when she is in the area, and we are excited to offer her Christian spin classes this summer. When asked what the Y means to her, Roxanne describes family, friendships, and relationships that have become lifelines for her, which hold joy and hope.

Roxanne shared that her life is much richer because of the relationships formed at her Ys, both here and in Florida. She feels thankful for opportunities to encourage and demonstrate long-lasting, faith-inspired changes that can come through the Christian values and principles embodied at the YMCA. Roxanne is a prayer warrior for everyone she meets and feels that the Y is a "dot-connector," bringing people together through programs that build a healthy spirit, mind, and body for all. She is grateful for the mission and values the Y represents. She is a force of nature, an avid prayer, and someone who constantly encourages all, including her aging father-in-law whom she helps care for. Share a word, a workout, or just a smile in the lobby with Roxanne, and her passion for family, health and fitness, and the YMCA will also touch you. We are so happy she is a part of OUR own Y family!
